

People's Music Network Winter Gathering January 26-28, 2018

Pierce School
50 School St, Brookline, MA

The People's Music Network is a diverse community of **singers, artists, activists** and **allies** that cultivates music and cultural work as catalysts for a just and peaceful world.

We recognize the power of music to effect social change. We gather together to be nourished by sharing and hearing this music. We strengthen our commitment as artists and activists to produce transformative political culture by supporting one another in an environment where we meet on an equal basis. Be part of making music for social change!

25+ WORKSHOPS: Weekend participants lead workshops highlighting group singing, song sharing, & skills for using music for progressive change (e.g., performance, songwriting, music promotion & using song in struggles for justice).

ROUND ROBIN: Saturday night we gather for a song share. Attendees are invited to perform a song for the group, or relax and enjoy the music of others.
